If you can use Gladiolus in large quantities, write in for quotations, stating varieties, sizes, and quantities wanted. We will reply by return mail.

If you want ten or more bulbs of some variety from the special offers, multiply the single bulb rate by 9, and this will give the rate for ten or more.

We always include some extras for our friends to try — in case you have any preference, please mention it on your order.

In case you are not familiar with the LYSOL treatment for your home grown bulbs, please ask us for our instructions for this — it is the sure way to plant thrip free bulbs.

Dear Customer-Friend:

We are proud to say we are celebrating our twenty-first anniversary, and we want you to celebrate with us.

This year we are again offering our special anniversary gift, because we heard from so many friends, both new and old. Just in case you don't remember our offer, here it is:

To every one of our customer-friends who sends us an order of \$3.00 or more, we will include in his shipment absolutely free, ten new varieties, all separately sacked and plainly labeled. These will be of the newer kinds to avoid duplicating those you now grow, and all of different color.

Why not do some catalog gardening tonight. Make a list of "I want"; reduce it to "Must have", then send in your order at once to avoid the late season rush.

Yours very truly,

The Perrin Gardens

P.S. Be sure to write on the order blank "Include anniversary gift".
